EXCLUSIVE INTERVIEW

“Trailblazing Beautypreneurs: A Candid Conversation with Irina Levchuk and Natalya Krasnoperova on Beauty, Entrepreneurship, and Biobacking”

Interviewer: Today, we have the pleasure of sitting with the dynamic duo Irina Levchuk and Natalya Krasnoperova, who are making waves in the beauty and business industries. Welcome, Irina and Natalya! To start, could you share what inspired your journey into the beauty and entrepreneurship world?

Irina: Thank you for having us! Our journey began 15 years ago with a shared passion for beauty. We embarked on this path with legal and financial education, but our irresistible attraction to the world of beauty led us to transform our lives and soar to the top of the business.

Interviewer: Your pioneering work has significantly impacted the beauty industry. Can you tell us about the origins of BrowXenna® and Lena Levi and how these brands have become symbols of innovation and quality?

Natalya: BrowXenna® and Lena Levi(r) are at the heart of our business empire. BrowXenna® with its world-first natural-based permanent eyebrow Smart Brow Tint System Oxygen J2 has revolutionized the industry offering over 1,000 shades for unlimited creativity. Lena Levi®, especially popular in countries like Japan, is known for its extensive professional products and decorative eyebrow cosmetics, satisfying the most demanding needs of professionals and amateurs.

Interviewer: Your influence extends far beyond product creation. Could you elaborate on your role as co-owners of international training centers and your involvement in LEVCHUK professional?

Irina: Absolutely. As co-owners of Lash&Brow Design Academy and BrowXenna® Academy, we are committed to fostering education in the beauty industry. LEVCHUK Professional, our manufacturing arm, produces high-quality professional cosmetics and creams. We also manage an international network of training centers, emphasizing knowledge sharing and skill development.

Interviewer: The concept of biobacking is intriguing. How did your passion for biobacking lead to breeding snails and creating unique bioproducts like “Aphrodite’s pearls”?

Natalya: Biobacking is a cornerstone of our philosophy. Our passion led us to breed snails, creating “Aphrodite’s pearls” based on snail caviar and mucin. These innovative cosmetics have a powerful rejuvenating effect, showcasing our commitment to exploring groundbreaking avenues in beauty.

Interviewer: Your approach to biobacking extends beyond cosmetics. How do you maintain a comprehensive approach to biobacking in your personal lives?

Irina: We believe in a holistic approach to biobacking, focusing on optimal health through a balanced diet, high-quality supplements, and organic foods. Physical exercise and meditation are crucial in maintaining the balance between body and mind, enhancing our effectiveness, and inspiring innovation in our business ventures.

Interviewer: Your awards and recognitions are impressive. Could you share some highlights and what these accolades mean to you?

Natalya: The International Melagrana Beauty Award and the European Aurora Beauty and Health Award validate our influence and professionalism. Recognition, such as the most prominent Russian Beauty Award, Business-One, and Top 25 beauty persons, is a testament to our commitment to excellence and innovation in the industry.

Interviewer: Lastly, your story is incredibly inspiring. What message would you like to share with women aspiring to pursue their dreams, especially in beauty and entrepreneurship?

Irina & Natalya: Our story is about courage, perseverance, and an unyielding pursuit of a dream. We want to inspire every woman to dare to dream big and act boldly. Regardless of your starting point, believe in yourself, work hard, and success will follow. You have the power to transform your life, just as we did. Remember, every goal is attainable with self-belief and determination.
